PROCEDURES FOR CONDUCTING THE REPORTS MANAGEMENT SURVEY

1. GENERAL

a. The reports survey is an essential step in establishing the Office of Personnel Reports Management Program. It provides a basis for: (1) A complete description and case history of each reporting requirement, and (2) an analysis of these requirements to point up reporting deficiencies and ways to correct them. In addition, the survey will provide experience on which to base policies and procedures for continuing this program. The importance of this survey thus dictates that persons selected to participate should have a broad knowledge of their component's reporting requirements, and be qualified to analyze them objectively for possible improvements.

2. DEFINITIONS

- a. Report An account or statement of information in written narrative, tabular, punch card, or graphic form, transmitted from one organizational element to another in response to an expressed or assumed need for information.
- b. Administrative or Management Report A report that provides for administrative or management control over an activity or operation, as distinguished from an operational or intelligence report.
- c. Recurring Report Either a periodic report which conveys essentially the same type of information at prescribed intervals (daily, weekly, monthly, etc.) or a situation report which is prepared on each occurrence of an event of certain prescribed characteristics.
- d. Required Report (Incoming Report) A report which a component requires from one or more other elements. The report is an incoming report to the office which requires it.
- e. Prepared Report (Outgoing Report) A report which a component prepares at the request of another element. The report is an outgoing report from the office which prepares it.

4. THE APPRAISAL

- a. Personnel shall appraise each reporting requirement simultaneously with taking the inventory. The need for required reports will be fully justified. Prepared reports shall be examined with a view to improving preparation procedures, and recommending to requiring offices, way to reduce or simplify reporting.
- b. Form No. 521 contains questions which establish criteria for appraising reports. Additional guidance may be found in Attachment B, "Analyzing Requirements for Administrative or Management Reports," copies of which may be obtained from the RCO/OP.

5. SUBMISSION OF INVENTORY AND APPRAISAL MATERIAL
